SAFETY FLARE

FIRE EXTINGUISHERS • SAFETY SUPPLIES

Nemesis Safety Glasses

The Nemesis Camouflage frame safety glasses are one of our most popular frames. They fit comfortably, look great, and protect your eyes from sand and other dangerous debris while working or just having some fun outside. Stop by today to pick up a pair to wear for your summer activities.

Water Fire Extinguishers

Water fire extinguishers are great for putting out small grass fires. During these times of drought, a cigarette butt or small spark can unintentionally start a roadside grass fire. So, having a water extinguisher on hand can be a life saver in this type of emergency. Get yours today and be prepared for the unexpected.

Heat Related Dangers and Health Concerns

Summer is a great time to be outside and enjoy healthy, outdoor activities from gardening to home improvement projects. However, working in high temperatures requires us to stay hydrated. While working outside this summer, be sure to drink enough water and take steps to prevent heatstroke and heat exhaustion. Stop by to pick up Sqwincher to stay hydrated, hard hat sunshades or neck shades to keep the sun off your head and neck while working, or ask about our Chillout products. Taking small steps like these can prevent a trip to the hospital, or worse. If you have any specific concerns please let us know and we can work out a solution.
